GTA SPANO

GTA

With Spano's construction, GTA intends to go down in history in Spain and around the world by following the legend of sports cars manufactured by other Spanish mythical makes.

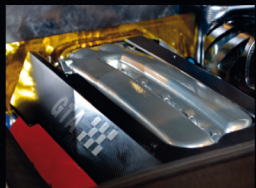

GTA Spano boasts the most advanced technology, innovative aesthetics, studied aerodynamics and a good number of solutions for the future. As a sign of its exclusivity, only 99 models of this extraordinary supersportcar will be built to order and several world patents have been obtained.

-GTA V10 supercharged engine, 820 hp and 960 Nm torque

- Chassis made from titanium honeycomb, carbon fibre honeycomb and kevlar

- Panoramic glass roof with its exclusive lighting and opaqueness system

-Maximum speed of more than 350 Km/h

-Acceleration 0 to 100 km/h in 2.9 seconds

-Exclusiveness fully guaranteed with only 99 vehicles manufactured
