W MOTORS LYKAN

"The future belongs to those who believe in the beauty of their dreams"

W MOTORS

INTRODUCING THE LYKAN

"The Lykan is the most advanced species of wolves in the mythical legends, unlike the werewolf, it can control its transformation. Hidden under an elegant and luxurious mask, the Lykan is able to transform at any given time, should the need arise to show its power and leadership.

At W Motors, we have brought to life a new species of Lycans, our interpretation and vision of the modern werewolf, the most advanced wolf to date. Written with a "k", the modern Lykan is simply exceptional with its elegant yet aggressive look, able to transform at any given time into a beast.... the most advanced of them all"

W MOTORS

THE BIRTH OF A MASTERPIECE

"A vision brought to life with desire, a passion without limits shared with those who believed that nothing was impossible. A historic collaboration with the legends of the automotive industry, creating an icon in the automotive world with the perfect balance between engineering and design, a masterpiece about to change our perception of perfection"

"A modern machine with a touch of humanity"

Ralph R. DEBBAS
CEO / Chairman - W Motors S.A.L

MAGNA STEYR ITALIA

A HISTORIC COLLABORATION
STUDIOTORINO & RUF AUTOMOBILE

"This company is based on remarkable passion, the collaboration with W Motors has been a genuine attraction between automotive enthusiasts with one dream and ambition, to bring to life an exceptional vision about to mark the industry forever."

Tiziano Novo
General Manager Magna Steyr Torino

Alfredo Stola
Founder of StudioTorino

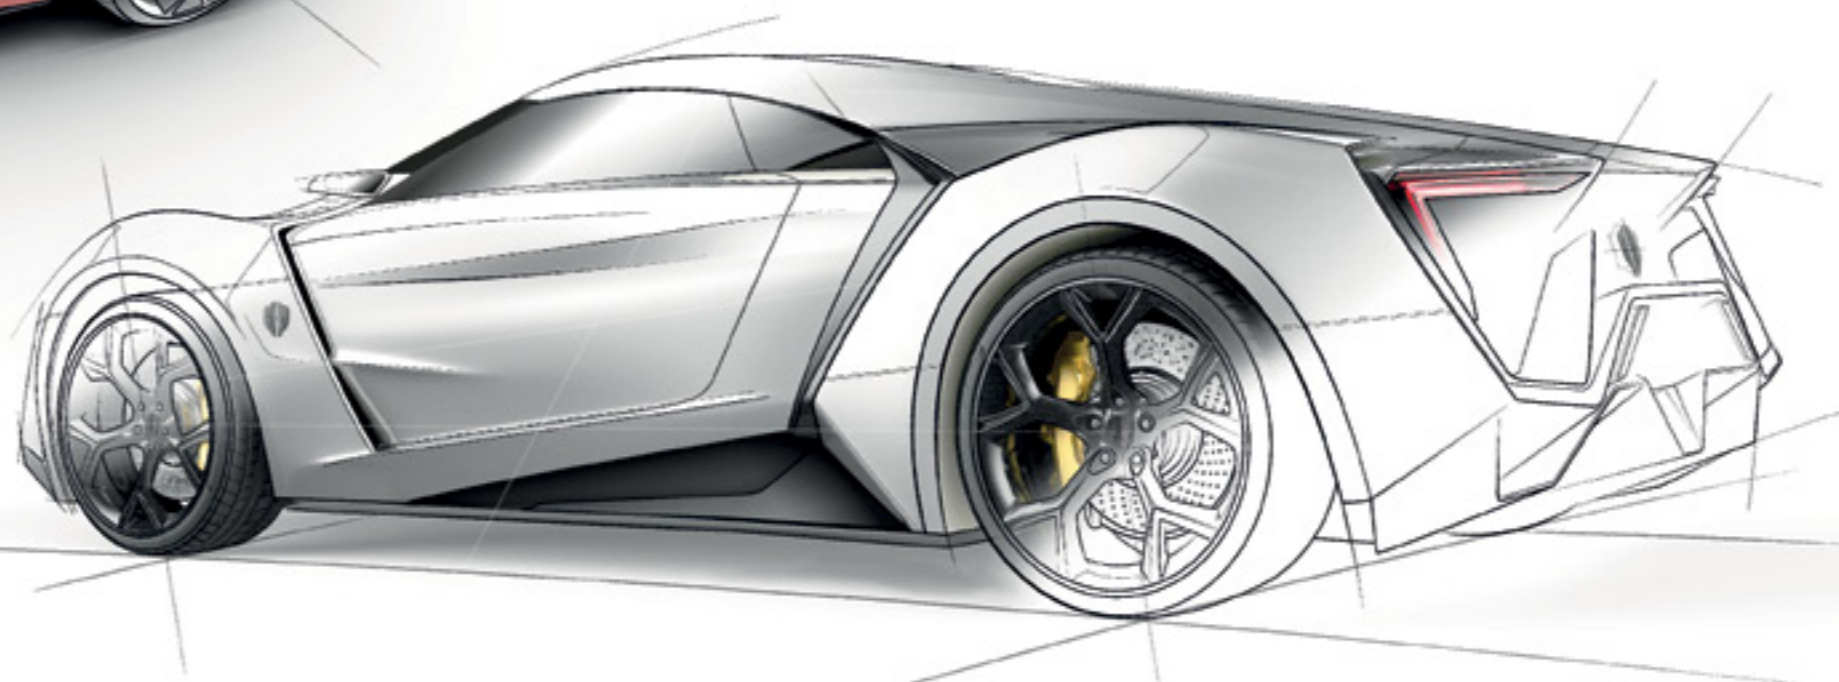

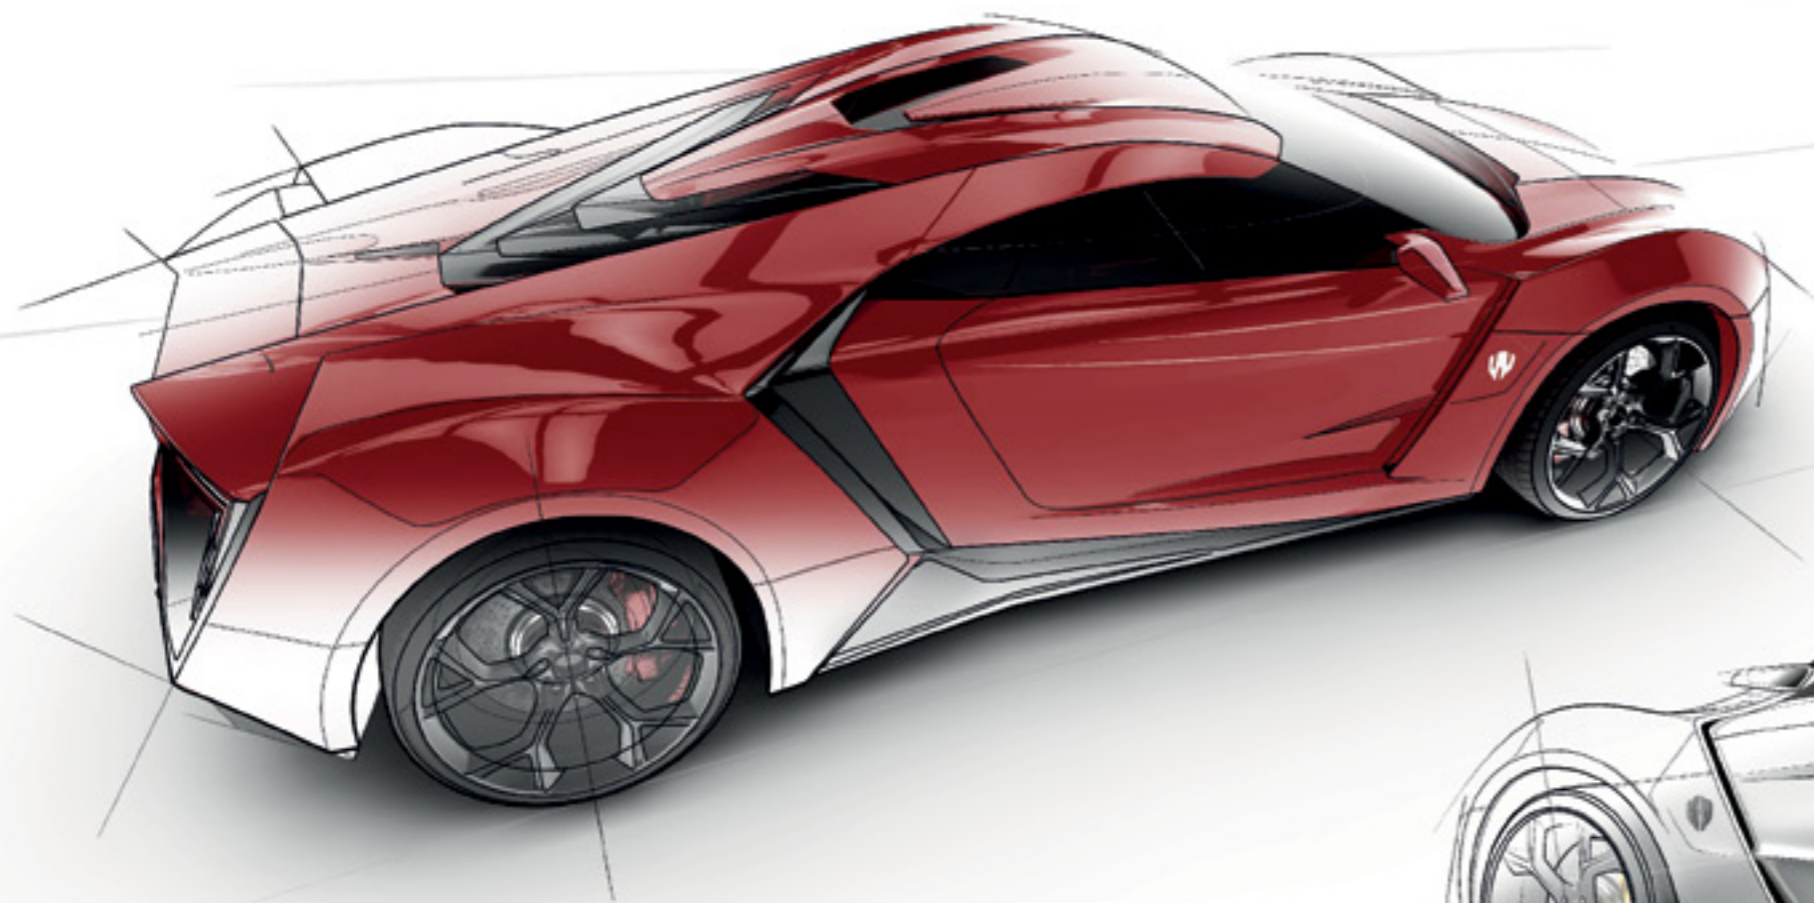

ADVANCED DESIGN

A Hypercar unquestionably cannot be dull to look at. It needs to be beautiful, wild, elegant yet extreme looking, or a combination of all those and more.

"A W Hypercar is all about drawing spontaneous and fresh lines then thoroughly refining the resulting surfaces, so you get to create pure mechanical emotions which all of us, car lovers, want to feel."

Anthony Jannarelli
W Motors Design Director

THE LYKAN IS BORN

A vision brought to life with desire, be it the design, the engine or the technology, the Lykan is absolutely distinctive in every single way.

A UNIQUE DESIGN

A masterpiece about to change our perception of perfection.
Meticulously designed to be different.

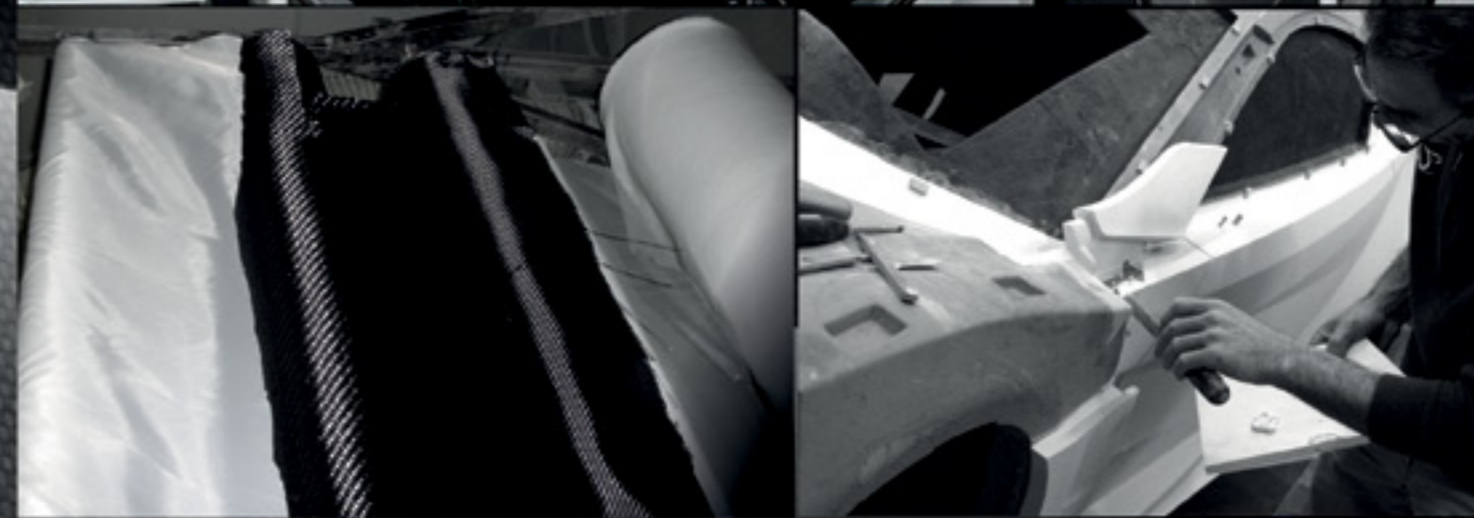

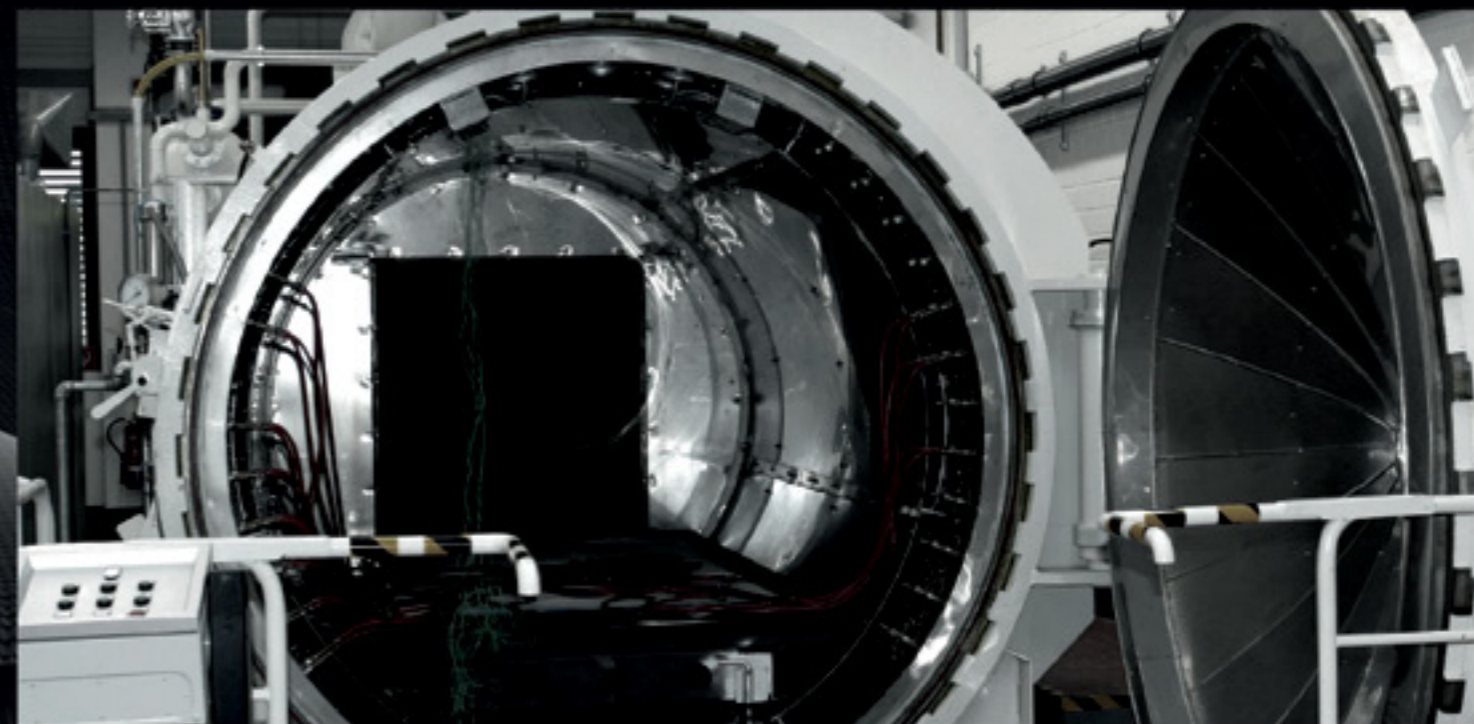

EXCLUSIVITY

The Lykan is so unique and rare, a dream so hard to reach,
an icon in the automotive world.

DEFINED BY DETAILS

The body is fully made out of carbon fiber, hand crafted sheet by sheet with passion and professionalism by the legendary masters of niche production, making sure that every Hypercar coming out from our facility is simply unique.

BORN TO PERFORM

The engine is fifty percent of everything that matters about a Hypercar, with the Flat 6 twin-turbo of W Motors engineered with the perfect balance between power, torque and speed, creating an exceptional driving machine for a unique driving experience.

DYNAMIC ENGINEERING

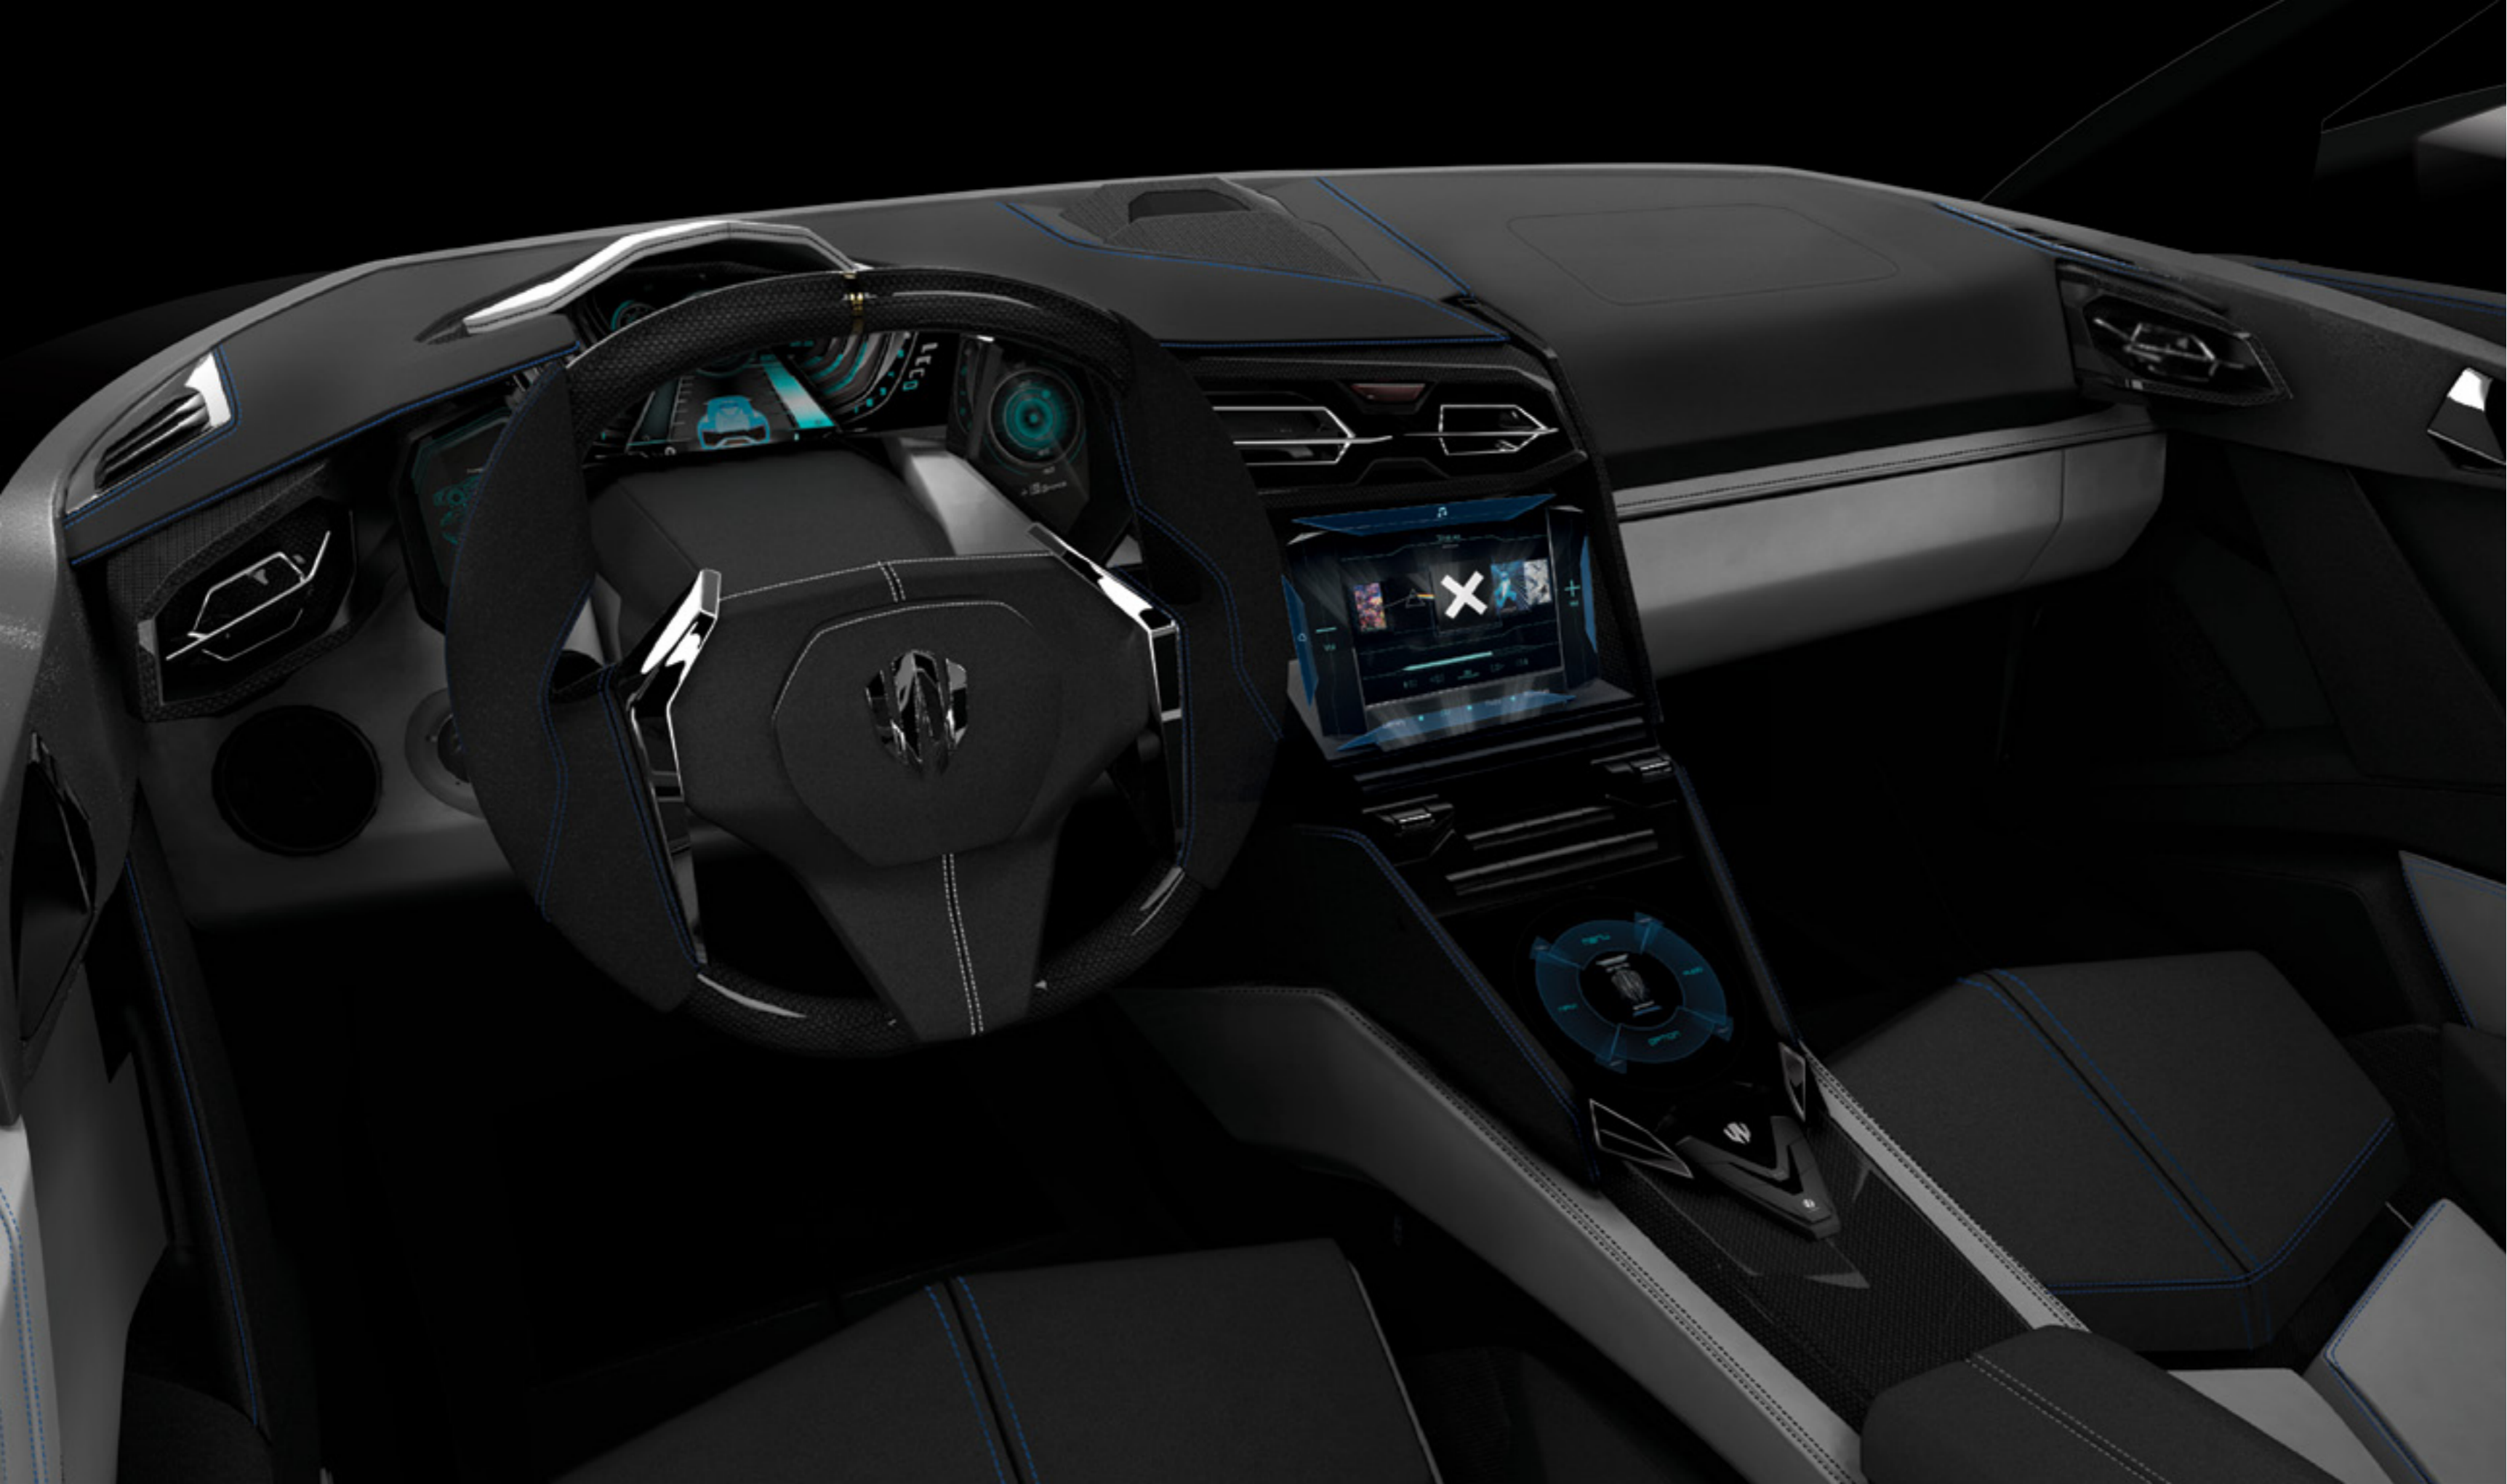

Every single line on the shell of the Lykan has been designed with precision through meticulous engineering and tests. The result is an incredible machine offering exceptional road performances.

MODERN LUXURY

An exceptional interior designed for ultimate comfort and practicality.
A high-end advanced interior design with a touch of modern luxury.
Completely customizable with endless color and material combinations,
accommodating a unique steering wheel, digital cluster and holographic display.

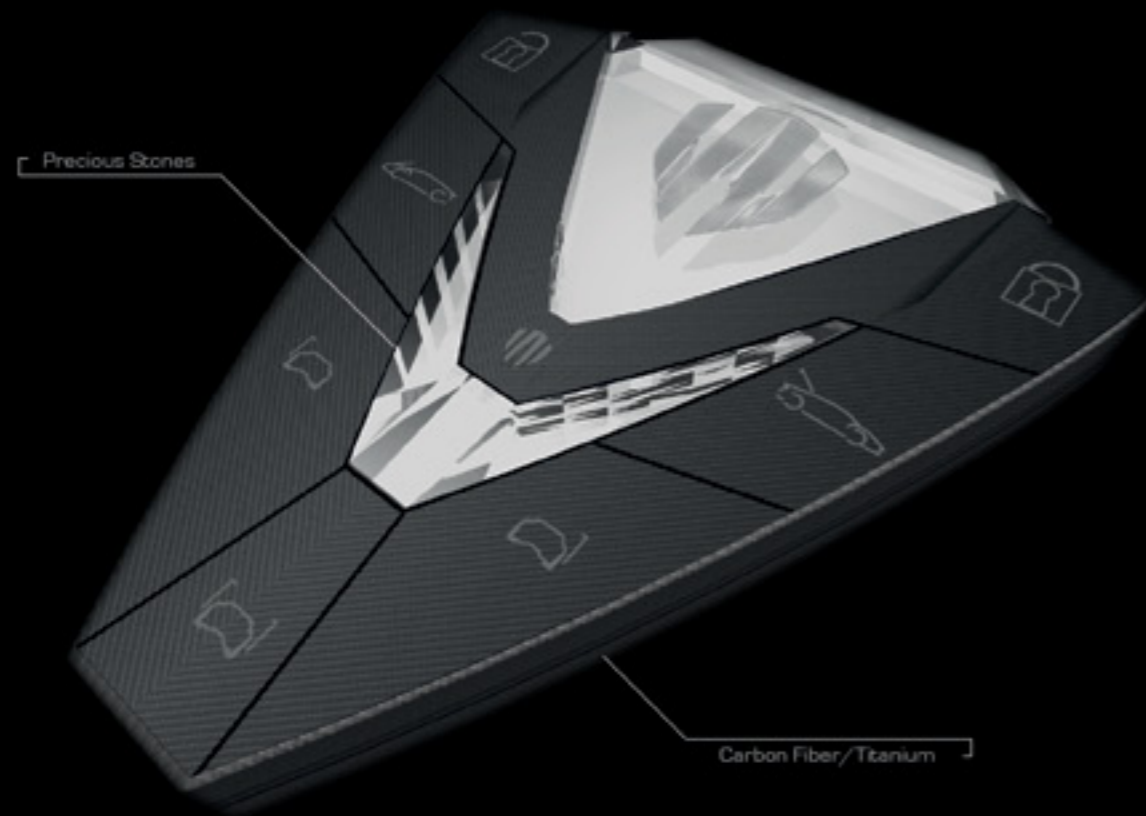

A SPECIAL KEY & W SEATS

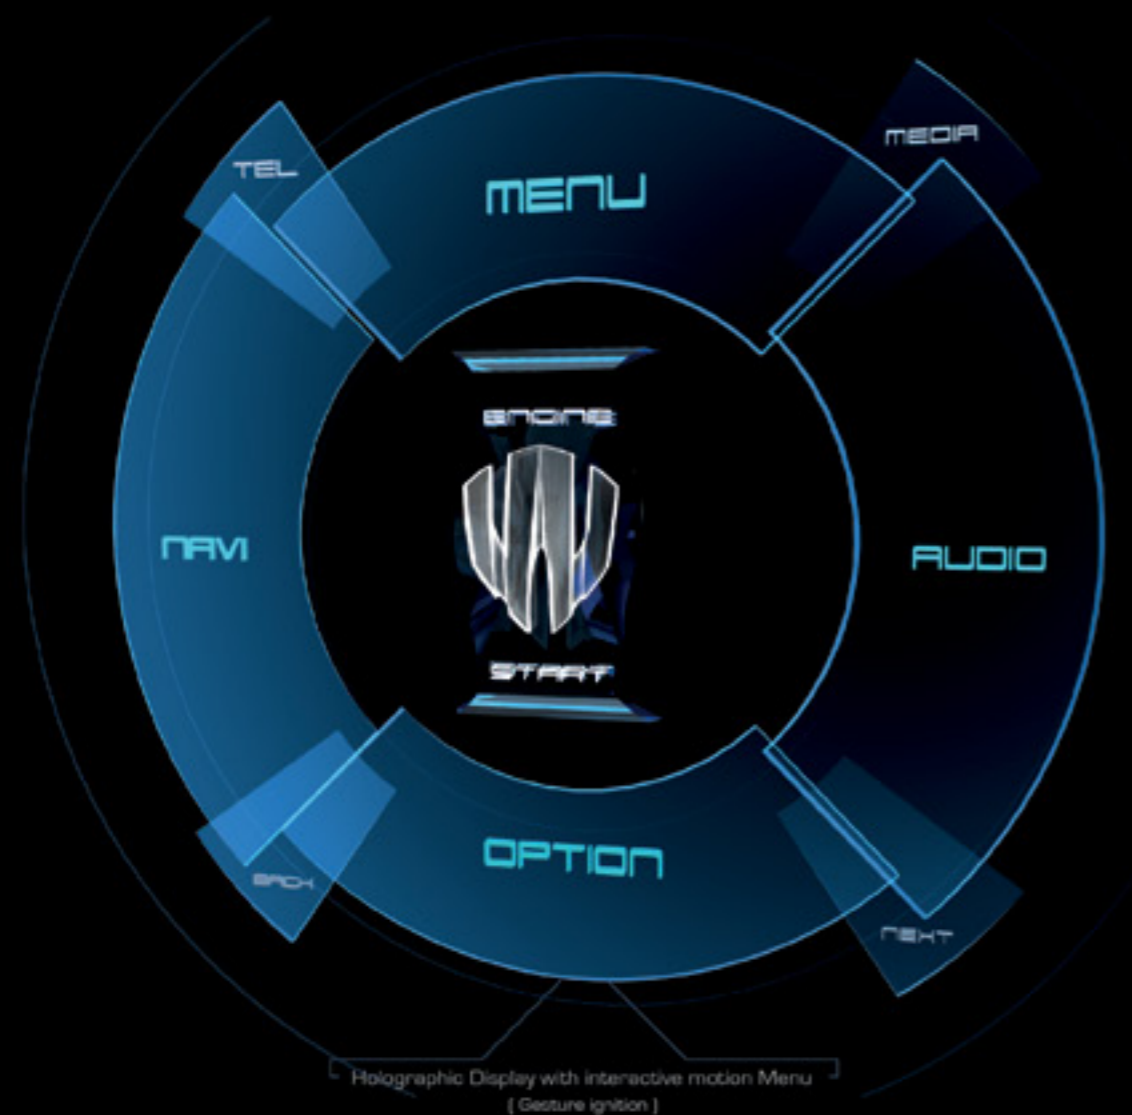

The key of the Lykan is designed as a jewel using the most refined and luxurious materials such as Carbon Fiber, Titanium and Precious Stones. Featuring remote access, ignition start and door opening controls.

The exclusive modern seats of the Lykan are developed for ultimate comfort and safety. Designed with a wrap around carbon fiber body shell, keeping the drivers' body and neck stable when driving at high speeds.

ADVANCED TECHNOLOGY

The first holographic display system with interactive motion, giving the driver and passenger full interaction with the multimedia interface of the Lykan as well as other vehicle control systems. The Lykan is simply years ahead in innovation and exclusivity.

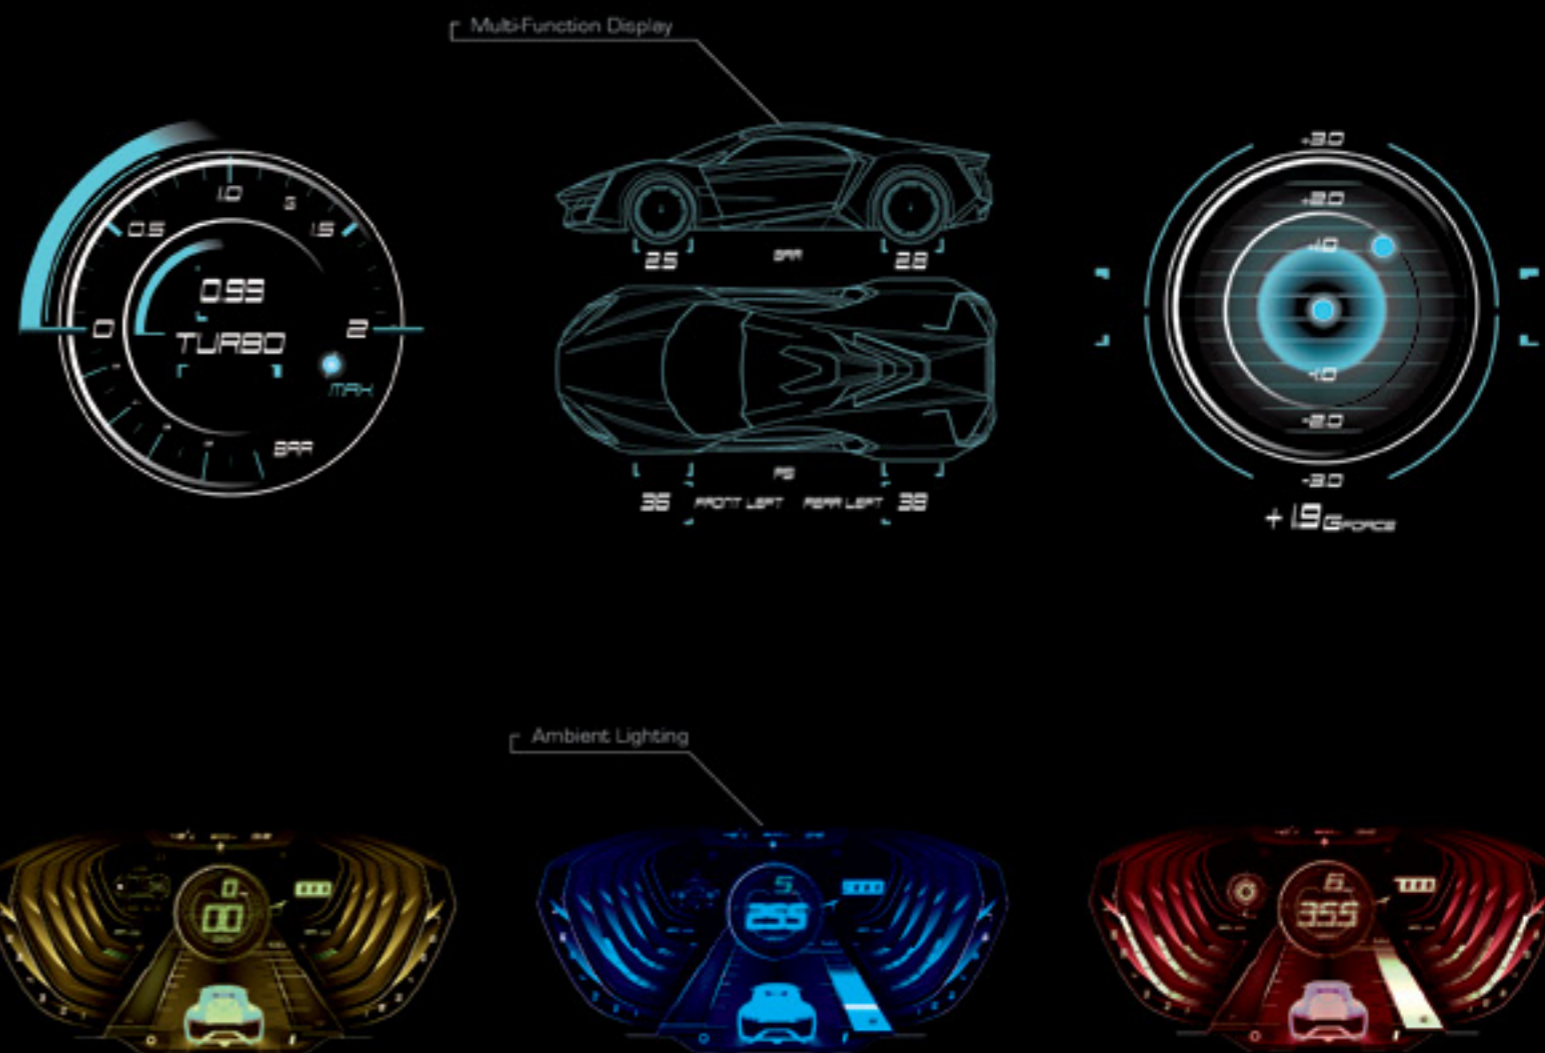

INTO THE FUTURE

DIGITAL AUTOMOTIVE TECHNOLOGY

In collaboration with ID4Motion on a new digital cluster. A unique customizable performance screen is designed to give quick access to key driving information, from several engine performance and efficiency parameters. When virtual meets reality

Next Generation Dashboard

Multi-Function Display

Ambient Lighting

REDEFINING LUXURY

A PRICELESS JEWEL

The most refined and luxurious materials are integrated inside and outside the vehicle. The Lykan comes with Diamond incrustated LED lights for a lavish and luxurious finish. A variety of precious stones are also available such as Diamonds, Yellow Diamonds, Rubies, Sapphires and Emeralds, fully customizable and integrated into the vehicle upon request.

CYRUS KLEPCYS - W MOTORS

LIMITED EDITION 7 PIECES ONLY - DEDICATED TO LYKAN OWNERS

Patented design . 48mm / 18K white gold and black DLC titanium . Manufacture movement .
456 components . 100% Swiss made . Display of hours, minutes and seconds on a movable axis,
day/night indication (worldwide patent) . Large date, three-dimensional retrograde tens, pivoting (worldwide patent)

SPECIFICATIONS

BODY

- Coupe Only
- Carbon Composite Body
- Unique W Motors Styling
- Exclusive Exterior Paint Schemes

ENGINE

- Boxer Type, 228.6 in3, 3746 cc Flat 6
- Twin Turbocharger with Independent Intercooler
- Mid-Rear mounted engine
- Rear Wheel Drive
- Fully Catalyzed, stainless steel exhaust system with active bypass valves
- Max Power 552KW (750hp) at 7100 rpm
- Max Torque 960Nm at 4000 rpm
- Acceleration 0-100 km/h (0-62 mph) in 2.8 seconds
- Acceleration 0-200 km/h (0-125 mph) in 9.4 seconds
- Maximum Speed 385 km/h (240 mph) (dependent on the gear ratios)

TRANSMISSION

- Six Speed Sequential Gear (Paddle Shift Optional)
- Limited Slip Differential
- Transversely Rear Mounted

SUSPENSIONS

- Front Axle: McPherson strut, anti-roll bar
- Rear Axle: Multi-link suspension, horizontal coil over shock absorbers, anti-roll bar

WHEELS AND TIRES

- Lightweight forged aluminum wheels, unique for W Motors
- Front Wheels: 8.5" x 19"
- Back Wheels: 12.5" x 20"
- Front Tires: 255/35 ZR 19
- Back Tires: 335/30 ZR 20

BRAKES

- 6 piston aluminum mono-bloc calipers ventilated, cross drilled ceramic composite discs
- Brake Disc Diameter: 15 / 15 in (380 / 380 mm)
- Brake Disk Thickness: 1.3 / 1.3 in (34 / 34 mm)
- Anti-lock Braking System, Bosch ABS 8.0
- ABS, ASR and ABO
- Traction Control (TC)

FUEL CONSUMPTION

- Litres/100km (mpg)
- Urban: 20.0
- Non-Urban: 9.9
- Combined: 13.5
- CO2 Emission (g/kg): 311
- Efficiency Category: G

INTERIOR

- Carbon Fiber Center Console finish
- Multifunction Sports Steering Wheel
- Dual-Stage Driver/Passenger Front Airbags
- Electrical and Heated Exterior Mirrors
- Heated Rear Screen
- Automatic Temperature Control
- Trip Computer
- Premium Sound System
- Bluetooth® Telephone Preparation
- Satellite Navigation System
- Rear View Camera (360 All Around Camera)
- Alarm (with volumetric and tilt sensor) and immobilizer
- Remote Control Central Door Locking and Boot Release
- Remote Control Door Opening (1+1) and (Engine Ignition)
- Tracking Device (Upon Request)
- LED Ambient Lighting
- Advanced Digital Cluster
- 9" Hologram Display with Interactive Motion Gesture Recognition (Virtual Sensors)

SEATS

- Electrically Adjustable Sports Seats
- Special W Motors Seats with Carbon Fiber Blades
- Dual Tone Leather with Gold Wire Stitching

FRONT LIGHTS

- Titanium LED Blades with 420 Diamonds (15cts)

DIMENSIONS

- Length: 4480 mm (175 in)
- Width: 1944 mm (76.5 in)
- Height: 117 mm (4.5 in)
- Wheelbase: 2625 mm (103.3 in)
- Front Track: 1506 mm (59.3 in)
- Back Track: 1585 mm (62.4 in)
- Estimated Kerb Weight: 1380 kg

IMPORTANT NOTICE

Pictures and Word mark

The cars illustrated in this brochure may include additional options not featured in this brochure or that are only available at extra cost. The Bluetooth word mark and logos are owned by the Bluetooth SIG inc and any use of such marks is under licence.

Updates

W Motors S.A.L is constantly seeking ways to improve the specification, design and production of its cars and alterations take place continually. whilst every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current products, options, accessories or specifications, nor does it constitute any offer for sale of any particular car, product, option, accessories and/or services or combination of the same.

This brochure is merely an indication of the kinds of W Motors S.A.L products and services which may be available from time to time. The contents of this brochure represent W Motors S.A.L business as a whole. Text and photographs may relate to models, specifications, options, accessories and/or services that are not available for sale in some countries or which have been superseded or are otherwise no longer available. All images shown are not reflective of the final car.

Performance results

Performance results, fuel consumption figures and CO₂ emissions data quoted in this brochure are obtained under controlled test conditions (in accordance with applicable regulations) and may vary depending on the specification of the particular car, road and environmental conditions and driving style. Tyre choice may also impact on performance results, fuel consumption, CO₂ emissions, ride comfort and handling.

Published figures should be used for comparison purposes only and verification should not be attempted on public roads. No guarantee is given express or implied of performance results, fuel consumption or CO₂ emissions.

W Motors S.A.L strongly urges that all speed laws be obeyed and that safety belts be worn at all times.

The weight of the car will influence the level of CO₂ emitted and as a result, cars with higher levels of specification and factory fit options may emit higher levels of CO₂.

However, Vehicle Excise Duty is charged according to the weight of and CO₂ emissions of the standard car, as published in this brochure.

All petrol engines are fitted with a catalytic converter.

Distributors and dealers

Distributors and dealers are not agents of W Motors S.A.L and have absolutely no authority to bind W Motors S.A.L by any express or implied undertaking or representation. Sales by dealers or agents are subject to their terms and conditions of sale.
