

XF

JAGUAR

This is the XF. This is the fusion
of sports car and luxury sedan.
This is the new Jaguar.

The XF is the first sporting sedan to deliver Jaguar's stunning new design language.

The profile is unique – athletic and assertive, the dramatic lines of a coupé enveloping a spacious cabin with four doors and seating for five adults. And the styling is underpinned by the strength of Jaguar engineering and the latent power of the XF's dynamic character.

The XF: a shape that re-draws the boundaries, a striking Jaguar in a long line of beautiful, fast cars.

Its abilities defined by proportion – long, low and wide, the XF clearly has muscle below its softly contoured skin. The strong grille creates a distinctive signature, emphasizing a broad, solid stance. The low nose, sweeping roofline and powerful shoulders add visual dynamism – a promise of performance even when the XF is standing still. And the detailing is exquisite and subtle, from the woven mesh of the grille to the dramatically sculpted light clusters; from the side power vents to the large alloy wheels.

The XF represents a relaxed, confident and luxurious design supported by outstanding ability, control and performance.

At the heart of the fascia, a 7 inch touch-screen controls most major functions, reducing buttons to a discreet panel below the screen.

The XF's JaguarDrive Selector™ sets the automotive standard for automatic transmission control. Its rotary action is positive and intuitive. The compact design creates space for more technological comforts such as iPod®

or MP3 player connectivity. Many features remain hidden until they are actually needed – the XF's automatic climate control system includes rotating vents that roll quietly out of sight when not in use. At night, Phosphor blue

halo illumination takes its cues from contemporary design. And the same soothing hue highlights the aluminum-faces of the XF's instruments.

iPod is a registered trademark of Apple Inc.

Jaguar's intelligent use of technology and driver-friendly touch-screen controls add new layers of comfort and ease of use.

JaguarSense™ automatically activates the front interior lights and glove box release. And the optional JaguarVoice™ controls many features simply by asking. The optional Blind Spot Monitor takes much of the uncertainty out of lane

changing, while available front and rear parking aids make manoeuvring easier. Choose the XF's rear camera and objects that may have been obscured when reversing can now be more easily seen.

Every level of the XF's audio system features full iPod® and MP3 connectivity with function control through the 7 inch touch-screen, and includes at least eight speakers plus a subwoofer.

The optional Bowers & Wilkins 440W surround sound system is designed in association with one of the audio industry's most respected specialists, who understand sound as deeply as Jaguar understands engineering. Like Jaguar, Bowers & Wilkins pride themselves on their critically acclaimed craftsmanship. Admired by audiophiles, artists and recording

engineers alike, their signature Kevlar® mid-range drivers and specially designed aluminum-dome tweeters complete a sound system tuned by Bowers & Wilkins' acoustic experts specifically for the XF. The system features a remote amplifier with Dolby® ProLogic® II surround sound and 13 speakers plus sub woofer.

The Keyless Entry system – standard on Premium Luxury and Supercharged models

Approach the XF with its Jaguar Smart Key, pull the door release, and the system triggers the security-protected opening. Inside, Jaguar intuition continues. Press the start up button and the JaguarDrive Selector™ rises into the palm of

your hand, which can now select driving positions. As the XF starts, the rotating vents turn silently from their flush, parked position to their functional open position, and the navigation system scrolls to its home page.

Jaguar knows that at the heart of a great car is a great engine. The XF's 4.2-litre V8's are compact and light, but big on performance and refinement, both engines featuring all-aluminum construction, variable camshaft phasing, four overhead camshafts and four valves per cylinder.

The naturally aspirated V8 develops 300 bhp and 310 lb-ft of torque, with wonderful refinement, deep character and effortless performance.

The supercharged version uses a rotor-type supercharger, driven from the crankshaft and with helical rotor gears for low noise and coated rotors for high efficiency. It develops an incredible 420 bhp, and up to 408 lb-ft of torque.

The XF's six-speed automatic transmission has superb characteristics.

The fully adaptive shift system responds to both road conditions and the way the car is driven, to give the smoothest gear shifts and optimum performance. The XF's industry-leading JaguarDrive Selector™ adds another layer of driver-centred sophistication – precise and intuitive control by using new generation shift-by-wire technology.

It offers fully automatic shifting in Drive or Sport modes, and one-touch manual selection through the XF's Jaguar Sequential Shift™ using F1 style paddle steering wheel mounted shifters. And the XF's Dynamic Stability Control (DSC) system opens up a series of shift modes on demand – from the Winter mode to the maximum involvement Dynamic mode, exclusive to the Supercharged XF.

The XF drives as dynamically as it looks.

The body structure is light but exceptionally rigid – with the strength to underpin outstanding safety credentials and the stiffness to carry a suspension whose balance of comfort and control was honed by intensive Jaguar development. For the Supercharged XF, that includes the adaptive damping strategy of Jaguar's Computer Active Technology Suspension (CATS™).

For every XF it includes Servotronic variable ratio power assisted steering – providing minimum parking effort at low speeds and maximum precision at higher speeds. With wide tires, and powerful disc brakes all round. The XF combines the comfort and refinement of a luxury sedan with the grip, balance and stability of a sports car.

R

SUPERCHARGED

The XF's light but high-strength new generation steel body shell is shaped by Computer Aided Design to be torsionally stiff for precise handling.

Two-stage Dynamic Stability Control (DSC) plus TracDSC add to this precision under various road conditions. Emergency Brake Assist (EBA), ABS anti-lock braking, Traction Control, Cornering Brake Control (CBC) and Engine Drag Control (EDR) all help optimize braking effort and reduce braking distances without sacrificing control. And even a Tire Pressure Monitoring System (TPMS) helps prevent difficult conditions from becoming dangerous ones.

These advanced active features are further complemented by sophisticated passive safety systems such as two-stage driver and front passenger airbags, side curtain airbags, Seat Weight Sensing and Occupant Position Sensing that work as needed in individual circumstances. Add to this Active Head Restraints built into the front seats, and 'soft-landing' technology in the seat belt retractors to soften contact with the front airbags. Of course, you may never need Jaguar's innovative safety systems but they're there to deploy if you ever do.

The XF is a unique vehicle that can be further tailored to your individual style and needs.

The key choices of trim and equipment level, the colour range, the leathers and veneers, the exact style and size of alloy wheels – the XF can be customized to your specifications.

Jaguar Accessories elevate an already refined XF to suit your very personal tastes. Every accessory has been carefully designed and crafted to match the impeccable quality and style of the car.

Choosing side power vents with a chrome finish, or the sporty rear spoiler will subtly make the exterior focus of the XF even more dynamic.

Jaguar Accessories are about living with your car –
expressing your own personality and lifestyle.

You might like to choose the sporty bright-finished pedals, or illuminated sill tread plates highlighted by soft Phosphor blue lighting. Or to make your XF even more luxurious, try the Rear Screen Connectivity

System, with twin LCD screens to support the XF DVD player, camcorder, games player, iPod®, or MP3. Visit www.jaguar.ca for a complete listing of Jaguar accessories.

*Combination as shown

The complete Jaguar experience. Buying a Jaguar may be thrilling, but it's the connection with car and company during the ownership period following, that will impress you most. This is the result of the very intentional support provided to Jaguar drivers. As one of these favoured individuals, here are things you can expect:

TOTAL CARE

Seamless support for your new XF, so you can relax and drive. A combination of vehicle warranty, paint and corrosion protection, complimentary maintenance and Jaguar Assistance.

WARRANTY

Jaguar Cars offers a comprehensive, 4-year/80,000-kilometre (50,000-mile) New Vehicle Limited Warranty⁽¹⁾ as well as a 6-year/unlimited mileage Corrosion Protection Limited Warranty.

SERVICE & ASSURANCE

When it comes to service, Jaguar is #1. Simply bring your Jaguar to an authorized dealer, and the first required maintenance will be performed at no charge throughout your first year of ownership or 16,000 kilometres, whichever comes first. Please refer to your vehicle's scheduled maintenance program for more information.

JAGUAR ASSISTANCE

Handled by Jaguar-trained specialists, this incident management program provides complimentary towing service, jump-starts, lockout assistance, gasoline delivery, tire changes and trip routing help, 24/7. Just call 1.800.4.JAGUAR.⁽²⁾

JAGUAR CREDIT

Available both for individuals and businesses, Jaguar Credit offers leasing, financing and insurance packages that can be tailored to meet most needs, and will raise customer confidence and satisfaction to levels very nearly as pleasing as the feel of your new vehicle. Ask your dealer for details, or check jaguarcredit.com.

JAGUAR AUTO CLUBS

Jaguar clubs across Canada, the U.S. and Mexico serve as nerve centres for enthusiasts. With 64 affiliated chapters and over 6,000 members, these independent clubs sponsor wonderful driving tours and social events of all kinds. And if you feel competitive, rally and slalom events are also organized. To find the club nearest you, visit jcna.com or call 1.888.CLUBJAG.

LOCAL DEALERS

Your local dealer is Jaguar's partner both in bringing you thrilling vehicles and in making your buying and ownership experience pleasant. Introduce yourself. Find out what your dealership can do for you.

JAGUAR.CA

Visit Jaguar's official web site to access a dealer locator, car configurator, price lists, model comparisons, and enthusiast links to Jaguar Clubs of North America and Jaguar Conservation Trust. Also register for owner e-newsletter periodic updates.

IMPORTANT NOTICE

Jaguar Cars is constantly seeking ways to improve the specification, design and production of its vehicles and alterations take place continually. While every effort is made to produce up-to-date literature, this brochure should not be regarded as an infallible guide to current specifications, nor does it constitute an offer for the sale of any particular vehicle.

Distributors and dealers are not agents of Jaguar Cars and have absolutely no authority to bind Jaguar Cars by any express or implied undertaking or representation. Illustrations in this brochure may include optional extras. Comparisons are based on manufacturer's own data and testing.

⁽¹⁾See your Jaguar dealer for complete details.

⁽²⁾All elements of Jaguar Assistance are available only while your Jaguar Warranty is in effect.

ENVIRONMENTAL NOTICE

Jaguar Cars has a vision of being amongst the world's leading companies in demonstrating progress towards sustainability. We aim to do this by contributing to a better quality of life, with corporate citizenship at the very heart of our company, and by reducing our environmental footprint through innovative design and manufacturing, minimizing resource and energy use. Environmental responsibility is a core value in Jaguar, and it is our policy to continually improve our environmental standards in all areas of business activity.
